SENATE AND HOUSE. Former Waiting-General-War Reve-

une Bill Debate Closed. WASHINGTON, April 28.-Again today the Senate was in the attitude of waiting for bushness to reach it. A few bills of unimportant character were passed, but no business of general in-

terest was done.

Mr. Pasco presented memorials from Florida boards of trade concerning the interference with the coastwise trade by the present condition of war. Mr. Pasco said that the matter was becoming sections as American vessels were being said that the matter was becoming serious, as American vessels were being forced by the conditions existing to refuse business. He thought the Committee on Commerce ought to consider the subject promptly, and the memorials were referred to that committee.

A joint resolution was passed, directing the Secretary of War to submit plans and estimates for the promoval improvement.

the Secretary of War to submit plans and estimates for the proposed improvement of Hillsboro' Bay, Fla.

Mr. Butler, of North Carolina, intro-duced the following resolution: "That the bonded indebtedness of the United States should not be increased, but that States should not be increased, but that the necessary means to carry on the war against Spain should be raised by increasing the revenues of the government, including a tax on incomes, and by issuing silver certificates against the seigniorage now in the Treasury, and by such additional issue of silver notes as may be necessary." It went over.

The Senate, at 1:5 P. M., went into accountly session, and at 2 P. M. adjourned.

The general debate on the war-revenue bill closed to-night, after eight and one-half hours of speech-making.

The debate 10-day lacked both spirit and interest. There was little discussion of the internal-revenue features of the bill. The Democrats continued their assaults on the bond feature, and their advocacy of the income-tax. The latter was ridiculed as a substitute proposition by the Republicans. The authority to borrow money, as designated by their bill, was absolutely necessary, they said.

There is a difference of option on the Democratic side as to whether the bill's bond feature can be voted for upon its final passare, after the minority amendments are voted down. A number of the Democrats, led by Mr. McClellan, of New York, have announced their purpose of so voting, but the majority of the Democrats believe they could not justify a vote for a bond issue.

NO YEA AND NAY VOTE. NO YEA AND NAY VOTE.

NO YEA AND NAY VOTE.

An effort is being made to avoid a yea and may vote on the final passage of the measure, to prevent an exhibition of this division, and to-night it seems probable that it will be successful.

There may be some difficulty about the committee amendments decided upon to-day, as under the order, the bond feature of the bill must first be taken up under the five-minute rule to-morrow.

If the amendments to these sections should exhaust the time before t o'clock, the committee amendments would be ruled out, and would have to be inserted.

The most notable speeches to-day were

## ONWARD TO TAMPA!

TROOPS MOVE FROM MOBILE AND NEW ORLEANS.

GUARD FOR CUBA? ADVANCE

so It is Believed at the Gulf Ports-Army for Occupation of the Island-Courtesy to Ex-Confederate Vete-MOBILE, ALA., April 28.-A train

noved out from the camp near Mobile this morning for Tampa, via the Louisville and Nashville failroad, carrying quartermaster's supplies, fifteen escort wagons, twenty-one ambulances, seventyfive mules, with harness for all, and hostlers and teamsters, due to arrive in Tampa May 3d. It is reported here that this is the first of the movement that will concentrate all troops new here at Tampa, and also those at New Orleans, so as to form, with the troops at Tampa, a force of 8,000 men, to be the advance guard of the army of occupation of Cuba, plans for landing in Cuba to be selected by the commander of the fleet, after observation. The Tenth and the Twenty-Second Infantry regiments received orders this afternoon to leave for Tampa to-merrow at noon, and Colonel Parsons, of the Tenth, has been ordered to join the Eifth Regiment, which is at Tapipa.

PRACTICE IN CHARGING.

The routine in camp was varied this morning by practice in charging the brigades, joined in a grand charge, begin-ning at the eastern end of the paradea rush, crossing the railroad tracks sur-rounding the quartermaster's quarters, and finishing at the old breastworks erected here by General Dabney Maury,

toward the close of the last war.
General Coppinger received to-day o letter of thanks from the Confederats veterans for his courtesy in attending the memorial services Thursday at the Confederate burial-grounds, and replied in fitting and patriotic words, greatly delighting the veterans. NEW ORLEANS CONTINGENT.

NEW ORLEANS, April 28.—The three regiments of infantry here will probably leave for Tampa, under rush orders. The First Regiment will leave in the morn-ing. Paymaster E. W. Halford arrived LOUISIANA VOLUNTEERS.

Governor Foster to-night called out the National Guard battallons that have volunteered, and they will probably be mobilized here by Saturday, to the full quota asked by the President. Colonel Stephens will command the First Regi-ment, and Colonel E. E. Wood, of the Fourth Battalion, this city, the Second. They will go into camp at the race-track, with the regulars, if any of the latter are left.

TROOPS FROM CHICKAMAUGA. CHICKAMAUGA NATIONAL PARK, GA., April 28.—The Ninth Cavalry, the Twenty-Fourth Infantry, and the First Regiment batteries of artillery, now camped at Chickamauga, will leave for the South as soon as they can be loaded on cars which are in readiness for them. By to-morrow night it is thought all of the train's will be on their way to Tampa.

RECRUITING RAPID.

Chickamauga Park is now one vast recruiting camp. The War Department or-ders to fill every regiment in camp up to its maximum strength, received by General Brooke to-day, will, as far as possible, be carried into effect at once. Judging from the number of applications already received, it is believed that the different regiments at this point will soon be placed on a war footing.

MORE INFANTRY ARRIVES. The Sixteenth Infantry, from Washing-ton and Idaho, arrived at Chickamauga to-day. General orders were issued to-day, forming the artillery into a brigade yo battalions, to be commanded by Lieutenant-Colonel Randolph, of the Third Artillery.

## NO NEWS OF THE PANTHER.

Fears for Her and the Montgomery-

Norfolk Mosquite Fleet. NORFOLK, VA., April 28.-No news of the transport Panther and the cruiser Montgomery has been received here. Officials at the navy-yard fear disaster, if the ships were delayed on the Hatteras coast, but the most experienced navigators unite in saying that they ought to have gotten well out to sea before meet-

ing the storm. The mosquito fleet at the navy-yard is being provisioned and otherwise made ready for departure. Out-door work was suspended there yesterday and to-day, on account of the storm, and for the first time in several months no night force was employed to-night or last night.

## Fabulous Wealth.

The "incalculable mineral wealth" of newly-found mining regions largely run by syndicates and promoted by transportation companies is, in too many instances, really a fable. The products of industry in legitimate fields of enterprise nearer home are far surer and promise more stable rewards. No one will go unrewarded in the matter of improved health who use regularly Hostetier's Stomach Bitters for malaria, dyspepsia, constipation, billousness, &c.
